PRESENTATION SLIDES

In compliance with CME/CPD requirements, all speakers and oral presenters have to complete a conflict of interest form. Please include the title slide with your name and title of your lecture at the start of your presentation, followed by a second slide disclosing any Conflict of Interest. You can simply list the conflicts on our second slide or write "Nothing to Disclose". Note: *You need to address the disclosure at the beginning of your presentation for at least 30 seconds to allow enough time for the audience to review and*

digest the information.

Please [click here](#) to download a template of the disclosure slide.

PUBLICATION CONSENT FORM

You will be sent login details to access and complete a Publication Consent Form. In order for us to use a recording of your presentation in our scientific programme, we need you to complete this form.

Please complete this prior to the meeting.

DATA PRESENTATION

If you are using a PowerPoint presentation (or any other PC-based application), please note that you have to upload it on a USB Memory stick in one of the Speakers' stations as soon as you arrive at the Venue in the morning – and at least 2 hours before the start of the session.

Please note that **only** conference computers are used in the session halls. These are supplied with Office 2019 (at least) and the native ratio of the projection on the screens in the halls is 16:9. The meeting will not be able to support lecture slides presented on personal computers.

If you include video clips in your PowerPoint presentation, be sure to test it with the technicians next to the Speakers' Ready Room at least 2 hours before the start of the session or as soon as you arrive at the venue in the morning. Please make sure to check it with the technician in the session hall where your lecture is taking place, during a coffee or lunch break prior to your session, at least 30 minutes before the start of the session – even after checking it in the Speakers' Ready Room.

IMPORTANT NOTE FOR MACINTOSH USERS
